Justin,

Hello.

As you know, there has been a little excitement surrounding the federal budget and EPA's ability to conduct official business this week. My apologies for not confirming tomorrow's meeting with you until now, but I wanted to make sure I had the correct information regarding EPA's work status before reaching out. I can confirm with you that David Domingo and myself are available to have a call with you tomorrow at 2pm – 3pm (MT), if this still works for you.

If this date/time still works for you, please send over the phone number where I can reach you at that time as it may work best for David and I to call you.

Thanks,

Clarke
